

## Power Systems Engineering

### Bachelor of Engineering (BEng) (Hons)

|                   |           |                      |   |
|-------------------|-----------|----------------------|---|
| <b>Duration</b>   | 1 year    | <b>OQF Level</b>     | 8 |
| <b>Study type</b> | Full-time | <b>UK FHEQ Level</b> | 6 |

| <b>Semester 1</b> |                            | <b>Credits</b> | <b>Semester 2</b> |                                   | <b>Credits</b> |
|-------------------|----------------------------|----------------|-------------------|-----------------------------------|----------------|
| MTCM6028          | Computer Aided Engineering | 20             | MTCM6033          | Power Systems Analysis and Design | 20             |
| MTCM6006          | Engineering Management     | 20             | MTCM6040          | Control Systems and Design        | 20             |
| MTCM6001          | Individual Project         | 40             | MTCM6001          | Individual Project                | 40             |
